Do that by making a sales web page for the new ebook, however don't embody a price on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by making a number of duplicate gross sales pages with different prices on each page. Be certain that your sales copy is exactly the similar on every page,

and consists of your selling-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum price is.
