If these customers have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by creating a sales web page for the brand new e-book, but don't embrace a price on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with different costs on each page. Make sure that your gross sales copy is strictly the similar on every page, and

includes your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and gross sales of your book. This will inform you what your optimum worth is.

Ultimately, should you've written a book that solves a drawback or presents a new approach, your book will bring in both traffic and profits.
