One other technique is to test out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Ensure that your gross sales copy is exactly the same on

each web page, and consists of your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum worth is.

In the end, when you've written a ebook that solves a drawback or presents a brand new method, your book will bring in both site visitors and profits.
