If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new e book, however don't include a price on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with totally different prices on each page. Be sure your sales copy is strictly the same on every web page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. This can tell you what your optimum worth is.

Finally, if you happen to've written a ebook that solves a drawback or presents a new approach, your guide will usher in both site visitors and profits.
