In addition to selling your books assiduously online, there are several other methods that may show you how to promote extra books.

One is to offer one thing away without spending a dime along with your guide, resembling a precious bonus item. Or bundle a number of ebooks under one value, which lowers the price for every ebook in the event that they have been sold separately.

An effective method for determining a price is to ship out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the new guide, however don't embody a price on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with different costs on every page. Make sure that your sales copy is exactly the same on every web page,

and consists of your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum value is.

In the end, if you've written a e-book that solves a drawback or presents a new approach, your e-book will usher in each visitors and profits. So you'll want to write that promoting-handle sentence that sums up what downside your book solves and what the advantages of your 119 book shall be to the shoppers who purchase it.
