Advertising Methods

The important thing that unlocks the sales potential of your e book is to find a single sentence that becomes your selling handle. In addition to selling your books assiduously online, there are a number of other strategies that may show you how to promote more books.

One is to present one thing away totally free along with your e book, corresponding to a valuable bonus item. Or bundle a number of ebooks underneath one value, which lowers the worth for every e book if they were offered separately.

An effective method for figuring out a worth is to ship out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new e book, but don't embrace a worth on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with different prices on every page. Make sure that your gross sales copy is precisely the same on every

page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum value is.

Finally, if you've written a guide that solves a drawback or presents a new approach, your e book will herald both site visitors and profits. So make sure you write that selling-handle sentence that sums up what downside your book solves and what the benefits of your 1653 book can be to the purchasers who buy it. And then watch your market come to you!
