Do this by making a gross sales web page for the new guide, however don't include a price on that page. As a substitute, add a number of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with totally different prices on each page. Make sure your gross sales copy is precisely the identical on

every page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. This may tell you what your optimum value is.

In the end, if you happen to've written a e book that solves a downside or presents a new method, your guide will bring in each traffic and profits.
