An efficient method for determining a price is to send out a survey to your current customers. If these clients have already purchased an e-book from you, ask for their opinion in terms of price. Do this by making a gross sales page for the new book, but do not embody a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out prices by creating a variety of duplicate sales pages with completely different prices on each page. Be certain that your sales copy is precisely the identical on each page, and consists of your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. It will let you know what your optimum value is.

In the end, when you've written a e-book that solves a downside or presents a brand new technique, your e book will herald both visitors and profits.
