If these prospects have already purchased an e book from you, ask for their opinion in terms of price. Do that by making a gross sales web page for the new book, however do not embrace a worth on that page. Instead, add a number of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out costs by making a variety of duplicate gross sales pages with different prices on every page. Make sure your gross sales copy is precisely the identical on every

web page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum value is.

In the end, in case you've written a guide that solves a drawback or presents a new technique, your e-book will herald each traffic and profits.
