Do that by making a sales web page for the brand new e book, but do not include a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Make sure that your sales copy is precisely the similar on every

page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This can tell you what your optimum value is.

In the end, in the event you've written a book that solves a drawback or presents a brand new approach, your ebook will herald both traffic and profits.
