One other strategy is to check out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Make sure that your gross sales copy is precisely the

similar on each web page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum price is.

In the end, if you happen to've written a book that solves a drawback or presents a new method, your e-book will usher in both traffic and profits.
