Advertising Strategies

The important thing that unlocks the gross sales potential of your e book is to discover a single sentence that turns into your promoting handle. Then you should definitely use that sentence in every piece of gross sales and promotional material, and every time anybody asks you about your

ebook.

Besides promoting your books assiduously online, there are several different methods that can show you how to sell more books.

One is to offer something away at no cost together with your e book, such as a priceless bonus item. Or bundle a number of ebooks below one price, which lowers the worth for each e-book if they have been sold separately.

An effective approach for determining a value is to ship out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new e-book, but don't include a price on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with completely different prices on every page. Be certain that your gross sales copy is exactly the same on every web page, and includes your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and gross sales of your book. It will inform you what your optimum value is.

Ultimately, if you happen to've written a guide that solves a drawback or presents a brand new approach, your e-book will usher in both traffic and profits.
