But the fact that unites ebooks and print books is that they're composed of ideas. It is the ideas in these books that have the ability to alter, or possibly rework, people's lives.

What do you think an concept is value when evaluated in opposition to the price of paper and ink?

It's the IDEAS which can be invaluable! That is how you decide the cost of your ebook.

What should I cost for my ideas?

There are all totally different formulation and strategies for determining the proper worth to your ebook. Let's begin with honing in on your ultimate goals.

Resolve in case your goal is to get broad distribution and maximum exposure. This aim is aimed at drawing clients to your online business or service, or to establishing the credibility of your reputation. If this is your primary goal, it's best to goal to keep your price on the low side. Some authors have even priced their ebooks at a profit loss to draw a excessive number of new customers. The secret is to discover a price that maximizes your profits and the variety of books you sell.

This is a superb pricing strategy if you are trying to acquire lengthy-time period customers. Long-term prospects are extraordinarily likely to purchase from you once more and again ? as long as the

first e book they buy is of distinctive quality and useful to the customer.

Nevertheless, if your guide accommodates worthwhile ? and extra importantly NEW info, references, or methods ? then you must intention to cost it on the high end.

After you figure out your goal, you could work out what your viewers's need is in your ebook. For instance, does your e book resolve a specific downside? If it does, and solves it in a approach that hasn't been written about in 100 different ebooks, you may be in a position to obtain high sales at a high price. In case your e book solves an issue or answers questions in a new and unique manner, it's best to worth your guide as high as you may go. You will achieve bigger income this fashion, however bring in fewer customers. Simply be prepared on your competition to undercut you on value as quickly as they hear about your book.

Keep in mind that the above pricing technique is temporary. Ultimately, you'll stop to promote books at this excessive price. So figure out in advance how long you plan to offer your book at this high value, and when that time is up, change your pricing strategy.

If you want to see large earnings over customer draw, purpose for an audience that is in search of simple options to their problems at a low price. In case your e-book is aimed toward fixing one explicit problem fairly than common recommendation, then you may cost more. Begin at the highest

worth the market will bear to bring in the largest profits, and plan to discount the e-book a number of instances throughout the year.

## Advertising and marketing Strategies

The important thing that unlocks the gross sales potential of your e book is to find a single sentence that becomes your promoting handle. This sentence states what question or downside your e-book solutions and the advantages your ebook can provide. Then be sure you use that sentence in every piece of gross sales and promotional material, and each time anybody asks you about your ebook.

Besides promoting your books assiduously on-line, there are several other methods that can make it easier to promote more books.

One is to provide something away at no cost with your e book, similar to a beneficial bonus item. Or bundle several ebooks underneath one price, which lowers the value for every book in the event that they have been bought separately.

An effective approach for determining a worth is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion by way of price. Do that by making a gross sales page for the brand new book, however do not include a price on that

page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a number of duplicate gross sales pages with different prices on every page. Make sure your gross sales copy is strictly the same on every web page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum worth is.

In the end, for those who've written a e-book that solves a downside or presents a new approach, your guide will usher in each traffic and profits. So make sure to write that promoting-handle sentence that sums up what drawback your e-book solves and what the advantages of your 499 e book can be to the shoppers who purchase it. And then watch your market come to you!
