Besides selling your books assiduously on-line, there are a number of other methods that can help you promote extra books.

One is to provide something away without spending a dime together with your e-book, comparable to a priceless bonus item. Or bundle a number of ebooks underneath one value, which lowers the worth for every book if they have been offered separately.

An effective technique for determining a value is to send out a survey to your present customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new e book, but do not embrace a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by creating a number of duplicate sales pages with different prices on each page. Ensure that your sales copy is precisely the similar on each web page, and

contains your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and gross sales of your book. It will inform you what your optimum value is.

Ultimately, should you've written a guide that solves a problem or presents a new method, your book will bring in each site visitors and profits.
