An effective method for determining a price is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion when it comes to price. Do this by making a sales web page for the new e book, but do not include a value on that

page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to test out costs by creating a variety of duplicate sales pages with different costs on every page. Make sure that your gross sales copy is precisely the same on every page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. This may let you know what your optimum value is.

In the end, in case you've written a e-book that solves a drawback or presents a new technique, your e-book will bring in each traffic and profits.
