If these prospects have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the new e-book, but don't embrace a price on that page. One other strategy is to test out prices by creating a variety of duplicate gross sales pages with totally different costs on every page. Be sure that your sales copy is exactly the identical on each web page, and contains your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum value is.

In the end, for those who've written a guide that solves a downside or presents a brand new technique, your book will usher in both traffic and profits.
