Another technique is to check out costs by making a number of duplicate sales pages with completely different costs on each page. Be certain that your sales copy is exactly the same on each web page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum worth is.

Ultimately, should you've written a guide that solves a problem or presents a brand new approach, your e-book will herald each visitors and profits.
